SUBJECT:

Invitation to DCI from Stanford-in-Government (ER #84-10086)

This forum and topic is inappropriate for the DCI. We have declined for him. "Great Decisions" is a nationwide program. In Public Affairs Office, we have already received two other such invitations and anticipate future ones. All future invitations concerning this program will be handled by my staff--not worth attention of the DCI.

Dear Mr. Casey

On behalf of Stanford-in-Government, I would like to extend an invitation for you to speak at Stanford this spring.

Stanford-in-Government is a non-partisan student organization dedicated to increasing the level of political awareness and debate on the Stanford campus.

With this objective in mind, the director of the Public Policy Forum of Stanford-in-Government has asked me to invite you to speak on the subject "Intelligence Operations : How Undercover Diplomacy Works." This subject is one in a series of eight issue areas to be addressed through Great Decisions. Beginning its thirty-first consecutive year, Great Decisions is sponsored nationally by the Foreign Policy Association, a non-profit, non-partisan organization and locally by the World Affairs Council of Northern California. I am confident you would receive an informed and receptive audience at Stanford.

Stanford-in-Government would, of course, pay for your transportation expenses and would make all arrangements for your stay at Stanford, including accommodations, meals and a reception held in your honor.

We believe you would make an invaluable contribution to the quality of this program and to debate on general in a campus where students are highly concerned about and knowledgeable of national and international issues. We hope you will be able to schedule Stanford into your spring agenda. I shall contact your office next week to determine your intent in speaking at Stanford.

Thank you for your consideration. I look forward to your visit next spring.

Sincerely,

Terence A. Donahue
